1) INTRODUCTION :

This is a permission document which specifies the license of most of the works(texts and/or photographs and/or other works of art creating by traditional and/or digital means and any other type of 'work'), created by 'Sah War' and posted on the URL address '<http://sahwar.deviantart.com>'.

This applies ONLY to the works which come with this document.

=====

2) LICENSE/PERMISSION :

I, the copyright holder of this work, hereby publish it under the following licenses:

Permission is granted to copy, distribute and/or modify this document under the terms of the GNU Free Documentation License, Version 1.2 or any later version published by the Free Software Foundation; with no Invariant Sections, no Front-Cover Texts, and no Back-Cover Texts.

(OR)

This file is licensed under Creative Commons Attribution 3.0 License.
In short: you are free to distribute and modify the file as long as you attribute its author(s) or licensor(s).

This means that I let others copy, distribute, display, and perform my copyrighted work — and derivative works based upon it — but only if they give credit the way I request.

For me, a simple link back to the above mentioned URL address(on which I put my works) in the form of a line saying something like:
'by Sah War at <http://sahwar.deviantart.com>', is good enough.
A small text, for example - of 8 font size is perfect.

You may select the license(one of the # options) of your choice.
